<p>Briefly (1 or 2 sentences) describe the position's organizational setting and major functions</p> <p>Under general direction of the Program Director or designee and under clinical supervision of the Nurse Administrator or designee, the Supervising Registered Nurse (Safety) is responsible for the overall management and supervision of an organized nursing unit on a 24-hour basis in a State hospital; responsible for ensuring the nursing care and practices of an organized nursing unit for a nursing service; plans, implements, evaluates, and provides for continuity of patient care; works with other disciplines to integrate nursing services to provide a total treatment program; teaches, plans, directs, supervises, and evaluates nursing personnel; supervises and assists subordinate staff in performance of custody responsibilities as needed. Duties include, but are not limited to, the following:</p>				
% of time performing duties	Indicate the duties and responsibilities assigned to the position and the percentage of time spent on each. Group related tasks under the same percentage with the highest percentage first; percentage must total 100%. (Use additional sheet if necessary)			
40%	<p>Responsible to ensure overall nursing care and oversees all functions of the units, including developing goals and objectives. Plans, implements, evaluates, and provides for patient care that enhances quality of life while following all DSH's policies and procedures and all licensing regulations. Observes program unit staff, assessing competency on an ongoing, timely basis. Provides regular and comprehensive feedback to assigned Program Management and Unit Supervisors/other Supervising Registered Nurses (SRN) regarding observations and rounds, actions initiated, and effectiveness of corrective action taken. Reviews program and unit staffing balances ensuring resources are assigned appropriately per policy. In collaboration with the Central Staffing Office, addresses any emergent staffing issues and ensures adequate nursing staff based on allocation and acuity system.</p> <p>Serves as an after-hour resource to staff for solving administrative problems which potentially impact patient clinical care. Supervises subordinate shift leads in the review of staff assignments. As needed, assists subordinate staff in completing duties to ensure safety and security of the facility. Identifies and collaborates with the Health Services Specialist (HSS) regarding employee performance deficiencies/training needs. Teaches, counsels, and evaluates the performance and competency of nursing staff in a timely manner. Responds personally to critical incidents such as assaults on employees or patient disturbances or other situations threatening facility security. Coordinates after</p>			

	<p>hours critical incident stress debriefing as needed. Intervenes where required to assure the safety of patients, staff, the institution, and the public.</p> <p>Completes performance evaluations, criteria-based evaluations (CBEs), and competency validation checklists (CVCs), per facility policy, on Shift Leads, Registered Nurses (RN), other nursing staff in a timely and professional manner.</p>
30%	<p>Supervise the nursing care activities during evening or overnight hours, weekends, and holidays in all aspects of a treatment program. Ensures the services provided by nursing staff are integrated with other disciplines/departments. Consults with, advises, and directs on-duty nursing staff in the delivery of treatment. Ensures that the Equal Employment Opportunity policies and procedures are met. Assures a safe environment and compliance with Title 22 environmental issues, Patient's Rights, Joint Commission, and licensing standards of care. Collaborates with HSS, other SRNs/Assistant Coordinator Nursing Services (ACNS), and RN Mentors to assure delivery of quality nursing care. Provides clinical and supervisory oversight of RN skills techniques and all level of care nursing staff in the delivery of patient care. Ensures staff are current in emergency procedures and training, utilize safe and effective use of medical equipment. Adheres to all applicable Collective Bargaining Agreements. Acts as liaison between assigned staff and management and ensures continuous communication between all members of the interdisciplinary team. Ensures that patient rights are understood and maintained. Facilitates afterhours patient movement in coordination with other SRNs/ACNS.</p>
20%	<p>Assumes Program Management duties after hours through consultation with the PDs; notifies Program Directors or designee of significant events. Coordinate with other SRNs/ACNS for ongoing patient care after hours. Receives and makes phone calls to patient family members in coordination with the other SRNs/ACNS and Medical Officer of the day (MOD). Ensure and collaborate procuring, storing, and establishing unit inventory standards for medication, treatments, supplies, and equipment. As a site supervisor, contacts designee when reasonable suspicion of substance abuse occurs. Assists Program Nursing Coordinator with the development of Program and Unit specific policies and procedures and ensures that they are in the unit's individual Program Manual. Encourages professional growth and upward mobility of staff.</p>
10%	<p>Ensures that all nursing staff assigned to unit have received the required orientation specific to the State hospital and Program Policies. Ensures that nursing staff attend mandatory classes annually, making efforts to schedule employees in their month of birth, as class availability exists. Participates in unit safety and security inspections. In conjunction with the Program Nursing Coordinator recruits, interviews, and recommends hiring of unit nursing staff. All other duties and special projects as assigned consistent with this classification.</p>
Other Information	<p>SUPERVISION RECEIVED</p> <p>The SRN works under the supervision of the Program Director or designee and receives clinical supervision from the Nursing Administrator or designee.</p>
